## **ABOUT US:**

### **MAA KUTHARI (M) SDN. BHD.**

*MKMSB is a Bumiputera Company with interest and operation in Engineering, Construction and Technical Training. MKMSB have deep belief in Operational excellence and corporate social responsibility, we continuously reduce impact on the environment through better work and operational practices.*

*Established in the year 2008, MKMSB has successfully undertaken various projects in Oil & Gas and offshore sector. With continuous operational and management support from our group company Maa Kuthari Global (UAE) MKMSB has consistently delivered projects, providing value-added engineering, construction and service skills to customers for whom the quality of execution, efficiency and reliability are critical. MKG group has extended its reach beyond UAE and made its presence in seventeen countries. MAA Kuthari Group has offices in UAE, Malaysia, Indonesia, India, Singapore and Australia.*

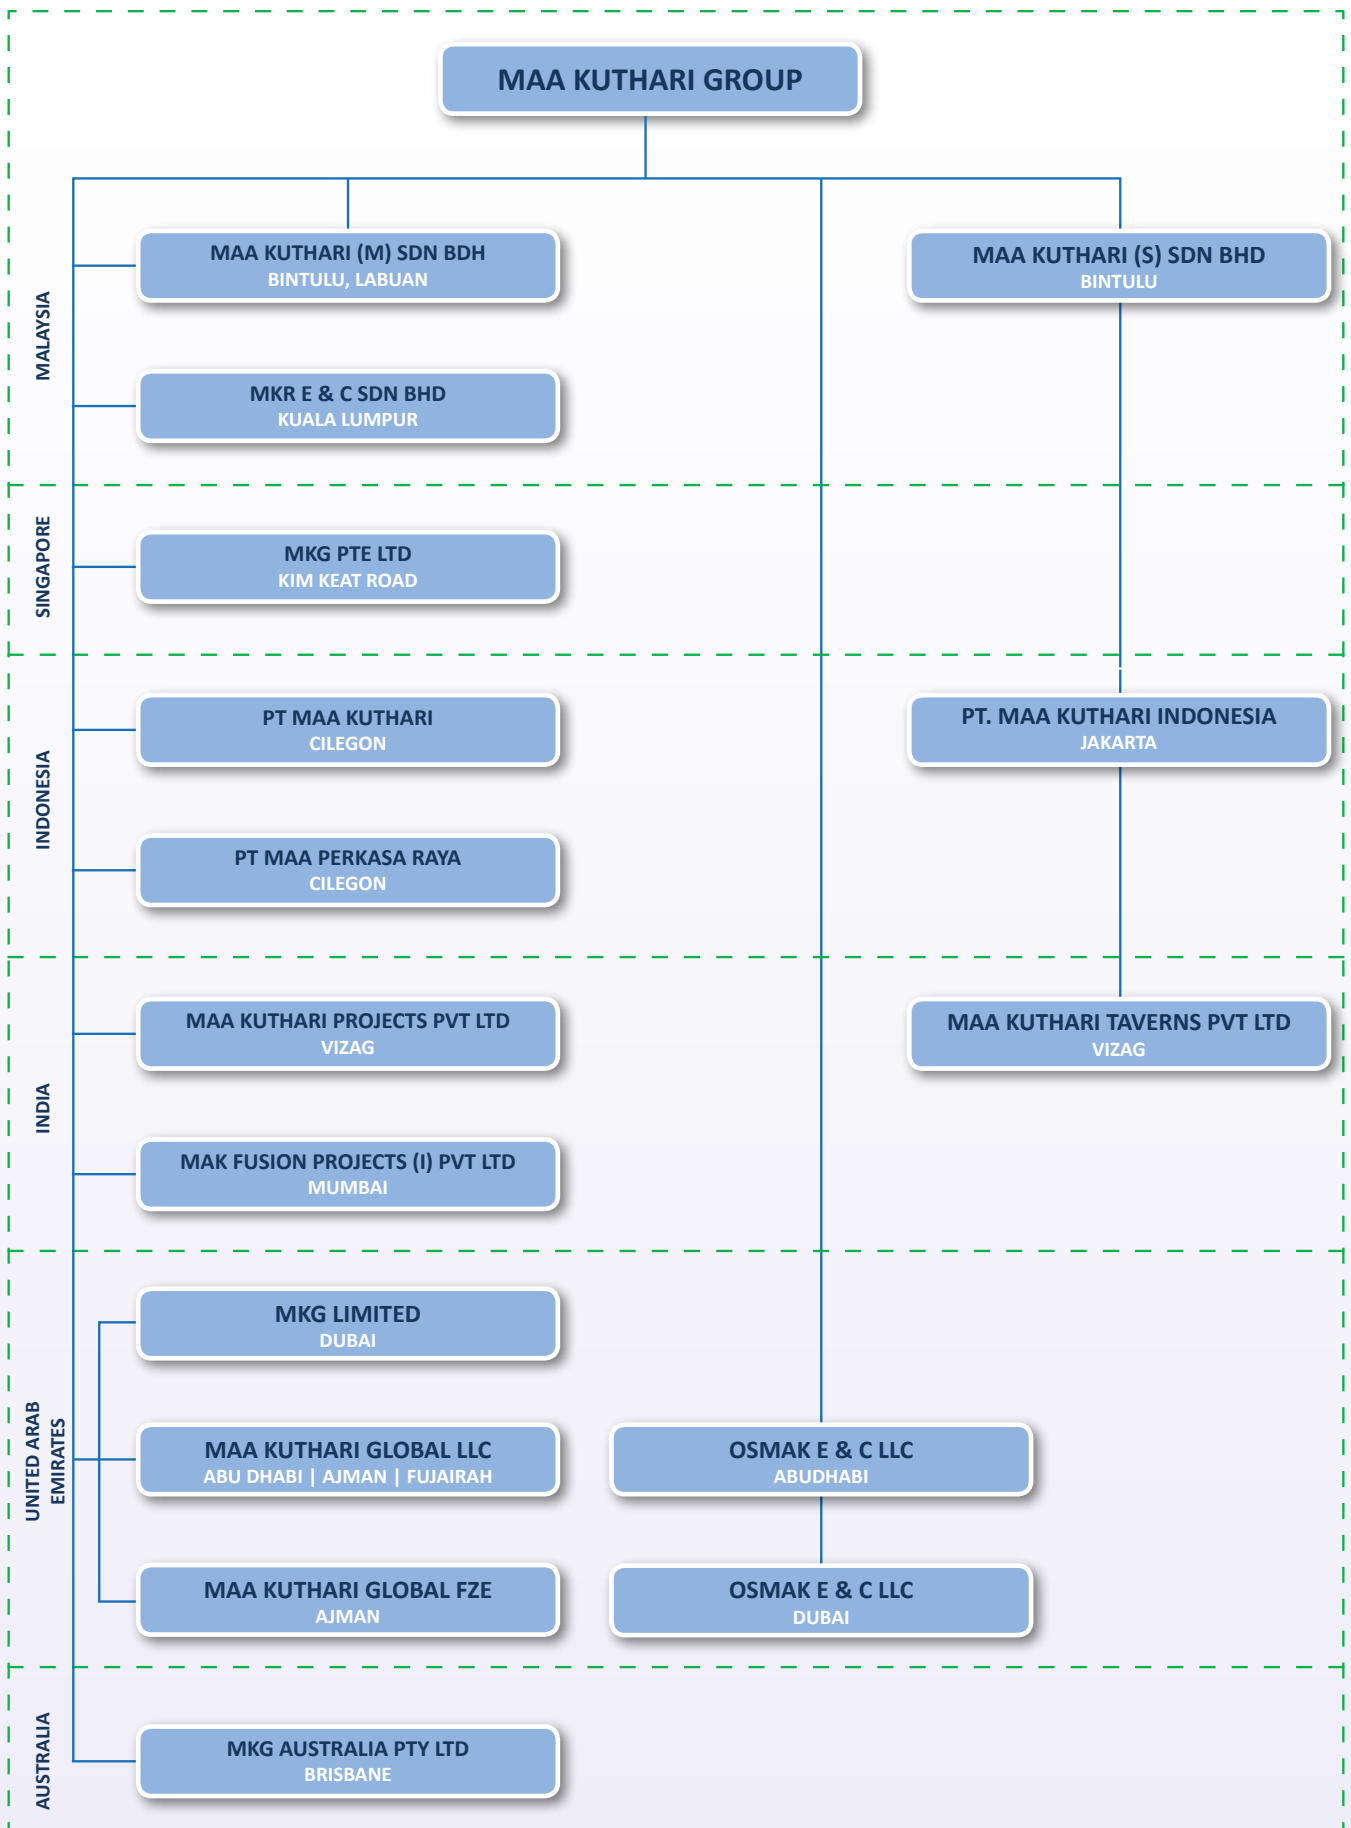

*Our core strength lies in our efficient human resource base which includes personnel from all disciplines having vast experience in execution of large construction projects across international spectrum. We are a people driven organization and work beyond ethnic and cultural barriers. Our strength lies in keeping pace with latest technology developments coupled with well qualified and experienced team always willing to exceed customer satisfaction*

*Unique Data management expertise developed through in-house developed project execution software package (modules cover Planning, Controls, Engineering, Procurement, Material Control, Inspection & Construction management coupled with and turn around documentation management) helps to manage fast track and complex projects with ease.*

*We use our Construction Management Tool – AMOGH to manage complete Civil, Piping, Mechanical and Electrical & Instrumentation activities – from design to testing. AMOGH is integrated to PDMS, Spooling, Cable scheduling, Construction Planning & monitoring, Material management and material allocation as per drawing. Progress, Revision & Change management, Construction, Quality & Inspection and final documentation. Total Project data for Drawings & revisions, Quality, Construction, Schedule, Materials, invoicing can be accessed by authority of any level from any where in the world with user ID and password. AMOGH ensures smooth and efficient project completion.*

# GROUP PROFILE

## **Our Services & Capabilities:**

▶ **Engineering & Design Services.**

▶ **Mechanical & Piping Construction.**

▶ **Electrical & Instrumentation Installation & Testing.**

▶ **E&I Calibration Services.**

▶ **Project Management services.**

## **Market focus:**

We cater to all types of industries & Projects.  
However our key focus areas are,

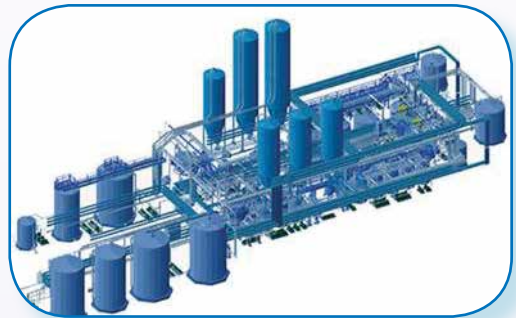

**OIL & GAS**

**SOLAR POWER**

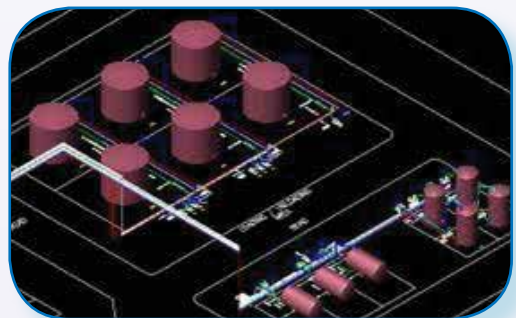

**PETROCHEMICAL**

**PROCESS INDUSTRY**

**POWER & DESALINATION**

**TANK FARM**

## Our Global presence:

To cater our clients across the globe we have established our regional offices and in country support centres at convenient locations. Currently our permanent offices & establishments are there in 6 countries.

## Our Associates & Business Partners

ZON BERKAT

**ZON BERKAT SDN. BHD.**, A Member Of Dewan Usahawan Bumiputera Sarawak, ( DUBS ) Bintulu Branch is a team of experienced and well qualified Engineers having outstanding track record in the field of construction and erection of Engineering projects includes mechanical installation work, pipe fabrication works, blasting & painting works and supply, hiring and erecting scaffolding and camp management & hospitality services.

Its directors and its employees have extensive experience and have been involved in the oil and gas industry. ZON BERKAT represent a highly professional and pragmatic approach in their capability which can be assessed from their previous successful assignments.

**Zon Berkat Sdn Bhd** offers full scaffolding service to clients throughout the local area. The company, which is based in Bintulu, Sarawak , Malaysia began trading in 2011. All of its staff hold either intermediate or basic scaffolding qualifications and have many years experience in the scaffolding industry in the oil and gas sector.

With a excellent team of hard working employees, Zon Berkat Sdn Bhd has the workforce and commitment to carry out and provide highly skilled scaffold service to a very high standard.

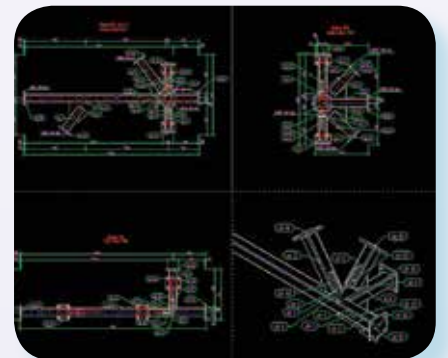

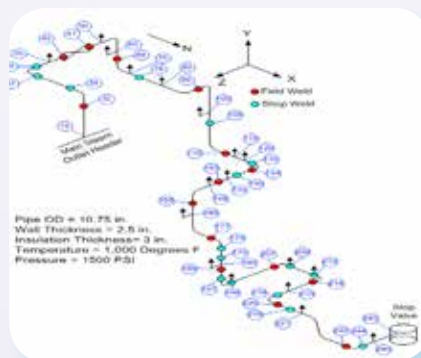

# SERVICES & CAPABILITIES

## Engineering & Design Services

Detail Engineering plays major role in smooth & time bound construction. With our team of Engineers & Draftsmen are capable of preparing construction drawings & detailing. We provide,

- ▶ Detail Engineering, designing and drafting.
- ▶ Detail & field Engineering
- ▶ 3D Modeling by PDS/PDMS
- ▶ Extraction and annotation of GA drawings
- ▶ Isometrics Preparation
- ▶ Isometric Spooling using Spoolgen
- ▶ Pipe Support designing & detailing
- ▶ Cutting Plans preparation
- ▶ Tie-in Dossier preparation & management
- ▶ MTO preparation for all disciplines
- ▶ Structure Steel designing & detailing
- ▶ Electrical & Instrumentation detail engineering
- ▶ Test Pack preparation and control
- ▶ All Engineering coordination.
- ▶ Interfacing among disciplines and TQ management.
- ▶ As Built drawings preparation

## Mechanical & Piping construction:

Our Mechanical & Piping division offers full range of Equipment, Piping & structure steel erection services. We ensure strict compliance to approved method statements, inspection plans, procedures, while executing the project. Our experienced team, established procedures and proven construction management systems ensure a safe, efficient and reliable construction on all our projects.

### Equipment:

- ▶ Installation of Process Equipment.
- ▶ Installation of Columns & Reactors.
- ▶ Installation of Vessel Internals.
- ▶ Installation of chimneys.
- ▶ Installation of rotary equipment.
- ▶ Commissioning assistance.
- ▶ Onsite blasting & painting.

### Piping:

- ▶ Mechanical Erection of Piping.
- ▶ Field welding
- ▶ NDT & Hydro Test
- ▶ Air blowing, Chemical flushing & degreasing.
- ▶ Onsite blasting & painting

### Structural:

- ▶ Mechanical erection of steel structural.
- ▶ Mechanical erection of Pipe Racks & Supports.
- ▶ Mechanical erection of Equipment support structural.
- ▶ Mechanical erection ware houses & industrial structural.
- ▶ Onsite blasting & painting.

## Electrical & Instrumentation:

Our E & I division offers a full spectrum of Electrical & Instrumentation services through our experienced and professional project teams. We have a core team of talented and professionally experienced E & I Engineers, Supervisors, Technicians and other tradesmen with a better management, construction technique and Industrial practice as key driver to construct the most complex Installations in the Oil & Gas and other Industrial sectors. Our team guarantees adherence to relevant regulatory guidelines and inspection regimes, followed by the Industry worldwide. We are committed to our customers to offer our services by observing the best standards in Safety, environment and Quality, Micro Planned, controlled and Monitored for Productivity thus enhancing the cost effectiveness and timely execution. We provides expertise in all areas of E&I construction work. Our experienced team, established procedures and proven construction management systems ensure a safe, efficient and reliable construction on all our projects. We possesses all the necessary plant, equipment, tools and test equipment to safely assemble, install and test the electrical and instrumentation systems

### Equipment:

- ▶ Installation of Electrical Sub Stations equipment/ Switchboards and associated SCADA, SCMS/PMS Systems
- ▶ Installation/ assembly of Transformers and its oil filling/ filtering and testing
- ▶ Installation of above ground and underground H.V and L.V Cables and its testing
- ▶ H.V & L.V Cable Jointing and Termination and its Hi pot testing
- ▶ Installation and testing of Lighting system
- ▶ Installation of Cable Tray, Cable Ladder, Cable Trunking and Conduits.
- ▶ Installation and testing of Earthing and Lightning System
- ▶ Installation and testing of UPS system and batteries
- ▶ Installation and testing of Cathodic Protection system.
- ▶ Testing of electrical Protection relays and it settings
- ▶ Manage interface between E & I and other disciplines

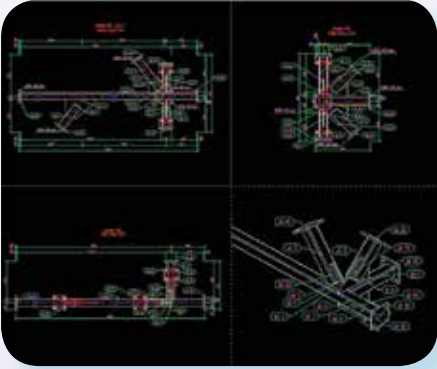

# E&I Calibration Services.

▶ **Onsite & Offsite Instrument Calibration services.**

▶ **Calibration laboratory services for E&I test equipment.**

# Project Management Services:

We provide a wide range of project management support services to the EPC contractors.

## Equipment:

- ▶ Project Scheduling & monitoring
- ▶ Estimation & Tendering for subcontract works
- ▶ Quantity Surveying
- ▶ MTO Preparation.
- ▶ Revision issuance Control & Tracking
- ▶ Change Authorization Management
- ▶ Modification & Substitution Material Control
- ▶ Field Revision Management
- ▶ Modification resource Control
- ▶ Management of Claim & Counter Claim

## Material:

- ▶ Material, stock/inventory management.
- ▶ Allocation of material.
- ▶ Preservation of all Material.
- ▶ Material forecast as per PO & delivery status
- ▶ Material issue to Construction/Fabrication
- ▶ Substitution material tracking.
- ▶ Modification material management

## Manpower:

- ▶ Construction Engineers.
- ▶ Project Managers.
- ▶ QA/QC Engineers & Inspectors.
- ▶ NDT Technicians.
- ▶ HSE Officers & Inspectors.
- ▶ Skilled Technicians.
- ▶ Commissioning Engineers.

# AMOGH™ - The Project Management Tool

We use our Construction Management Tool – AMOGH™ to manage all activities – from design to testing.

## What is AMOGH™?

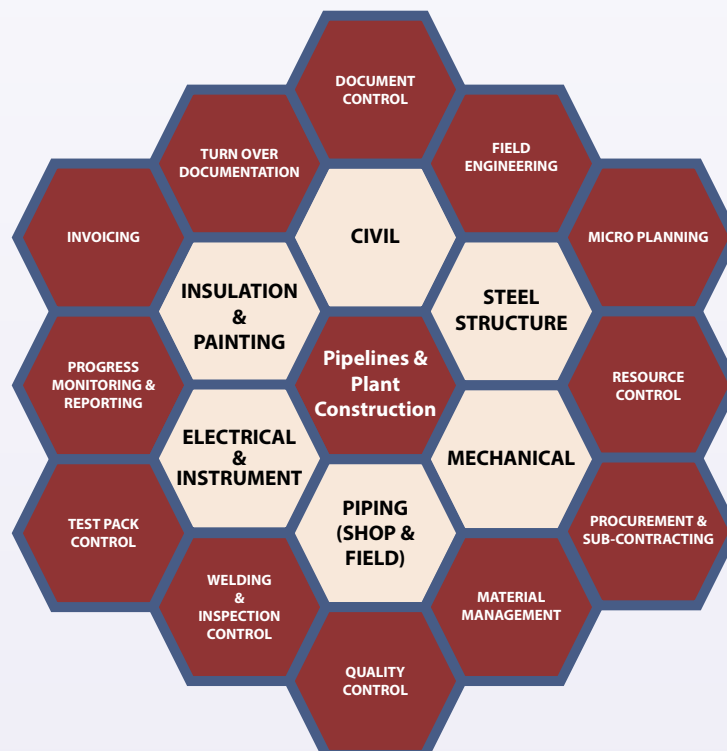

AMOGH™ brings Engineering, Procurement & Construction Data on a single user friendly platform. The tool provides integrity to the data & can be linked to tracking systems in OWNER's & CONSTRUCTOR's, Corporate Offices, Home Offices, Intermediate Fabrication Shops & Construction Sites.

System keeps track of all multi-disciplinary sub-activities & live outputs are available at all locations in the areas of Engineering drawings, Material availabilities & discipline wise status of all construction activities. System also does project control & planning functions.

Full, partial or “Read Only” access can be provided to various personnel connected with the project.

## Usage of AMOGH™?

- AMOGH can be used to manage multidiscipline construction project of any size and duration.
- AMOGH is so designed that it can be used by Project Owners, Main Contractors & Construction Contractors.
- AMOGH can be used by Site users as well as Home office/ Corporate office users at the desired level.
- Stores project data in a form to make available the lessons learned

# QHSE Policy

## MAA KUTHARI (M) SDN. BHD.

### Quality, Health, Safety and Environmental (QHSE) Policy

Our reach of business and long term success depends on our willingness to continuously improve our service delivery while conducting our business in a responsible, safe and profitable manner with a target of Zero harm to people and the environment.

At MAA KUTHARI GROUP, we are committed to the following:

- ❖ Fully satisfy our **Customers** by understanding their requirements and exceeding those expectations whenever possible.
- ❖ To be a company where Quality & HSE goals are equal in importance to other corporate objectives.
- ❖ To develop a **culture** in which Quality & HSE concepts take core values.
- ❖ Comply with all Quality and HSE **laws and regulations** as well as all other applicable requirements to which we subscribe.
- ❖ Promote employee health and well being.
- ❖ **Compliance** with local statutory & legal requirements along with international guidelines.
- ❖ Provide and ensure a safe working environment, conditions, tools and equipment, coupled with **training** that will motivate, train, empower and equip our employees with the zeal, knowledge and information necessary to carry out their assigned duties in a **safe and efficient** manner.
- ❖ Ensure that our services are performed without harming the **environment** along with the ethics of "Save environment"
- ❖ Aggressively pursue pollution prevention, **energy conservation** and waste reduction.
- ❖ To review this policy periodically and strive for **continual improvement**.

Attention: **Mr. Surendra K Mahanty**  
Chief Executive

Subcontract 003157/C/001

Subject: Integrated Gas Development Project  
Project 2031 – Habshan-5 Process Plant  
**"AMOGH" (Integrated Project Management system)**

Dear Sir,

Contractor wish to thank and appreciate Subcontractor for their following activities provided under the Subcontract using customized software "AMOGH" (Integrated Project Management system) for Piping Works:-

- Construction Engineering through Spoolgen
- Piping fabrication shop management including automatic Job card control
- Shop and Field Engineering revisions and change management
- Materials management for piping and pipe support
- Spool movement / shipment control
- Management of pipe supports
- Welding and NDE control for fabrication shop and field
- Assistance for Test pack preparation, approvals, Line punch management and system turnover documentation
- Flange management (for fabrication and field piping installation)

Subcontractor's technical staff and personnel has a professional approach to operate and manage integrated piping management system (Amogh) including a proper coordination with Contractor, Main Contractor (M/s. Tecnimont) and other Subcontractors involved in project execution.

We wish the Subcontractor for future success and a potential business relation with Contractor once again.

Yours sincerely,

Petrofac 

(Annexure to - JI-193-PIL-OEC-0075-L)

To Whomsoever it May Concern

M/s OSMAK Engineering & Contracting L.L.C (OSMAK) has been engaged with Petrofac International Ltd. for ASAB Full Field Development Project, ASAB, Abu Dhabi since March 2011. M/s OSMAK has been providing services to Petrofac International Ltd. in the field of E & I Construction and Materials Management using their "AMOGH" system.

AMOGH E&I system is well customized and integrated to the requirement of ASAB Project. Drawings & document control, Job cards preparation and issuance, material control, construction management, quality documentation and progress reporting is being successfully done by OSMAK.

The manpower deployed by M/s OSMAK in this project is very professional and doing excellent coordination with all agencies involved in the project.

Petrofac International Ltd. appreciates the role played by OSMAK in Electrical & Instrumentation construction for the ASAB Full Field Development Project.

We have no hesitation in recommending M/s OSMAK for providing such services in Oil & Gas projects.

This certificate is issued to M/s OSMAK Engineering & Contracting L.L.C on their request and shall not have any other obligation whatsoever.

Yours sincerely,  
For PETROFAC International Ltd.

## Letter of Appreciation

To Whomsoever It May Concern

OSMAK Engineering & Contracting LLC, Dubai has been engaged with Cairn India Pty Ltd in the Rajasthan Northern Area Development Project, Barmar since July 2009. The company has been providing services in the field of Test packs and Punch list management. The quality of manpower and workmanship are very good. OSMAC could appreciate and understand project needs quickly and integrate themselves with Cairn project construction team and interface with the contractor M/s Larsen & Toubro Ltd. Besides above, OSMAC extended their services in other areas like construction management etc.

We would like to thank OSMAC for their contribution and wish them all the very best in all their future projects.

For Cairn Energy India Pty Ltd.

Yours truly

## CERTIFICATE OF APPRECIATION

NKK, Japan Management appreciates the role played by Maa Kuthari Group in the successful completion of the fabrication job of Tangguh LNG Project Indonesia.

The field engineering and Spoolgen works of 10500 IDFs and revision control of 2900 IDF were completed before the stipulated time and the quality of the drawings were excellent and up to the standards.

The shop control and monitoring using Maa Kuthari in-house package, IPMS (Integrated Project Management System) was well integrated to the requirement of the management and to the successful completion of the job. The material control, welding and quality control, spool control and support control by use of their system was a vital part in making this fabrication project a success. The total activities like issuing of work orders for fabrication upon available material for spool completion based on simulation, monitoring of welding and the quality control of 587000 inch dia including duplex steel, movement control of 43000 spools and fabrication control of 1100 MT of pipe supports were completed in a commendable manner by the group.

The manpower deployed by Maa Kuthari group in this project including Project control manager, Qa/Qc manager, Qa/Qc Dy manager, Engineering manager, Piping Engineers, Spoolgen Engineers, IT professionals and draftsmen were very professional and coordinated well with all agencies involved for a successful completion of the job.

We have no hesitation in recommending Maa Kuthari group for providing such services in Oil and Gas projects.

For Nikki Koji Construction Co Ltd.

## CERTIFICATE OF APPRECIATION

This is to certify that M/s Maa Kuthari Global FZE (MKG) was engaged with Petrofac International Ltd. for Shell Majnoon Project, Southern Iraq (Early Production Facilities & Brown filed Facilities) from March 2011 to May 2013.

During this period, MKG has provided services in the field of Piping using their customized software "AMOGH" and detailed activities were carried out as mentioned below:

- Construction engineering through Spoolgen
- Piping fabrication shop management including automatic job card control
- Shop and field engineering revisions and change management
- Materials management for piping and pipe supports
- Spool movement control and shipment to site
- Management of pipe supports including MTO preparation, procurement assistance, fabrication, QC tracking and dispatch to site
- Welding and NDE tracking for fabrication shop and field
- Test packs preparation and approvals, line punch management and system turnover documentation
- Flange management including bolt torquing (for fabrication and field piping installation)

Service rendered by M/s Maa Kuthari Global FZE for this project was commendable.

This certificate is issued to M/s Maa Kuthari Global FZE on their request and shall not have any contractual obligations whatsoever.
